Steps & Scripture

FOR PASTORS AND RECOVERY MINISTRIES

A sponsor in their pocket. A church around them.

Steps & Scripture is a Christian 12-step app for people who want to stop drinking. Jimmy (for men) and Sarah (for women) are AI sponsors who walk the Twelve Steps with them, with Scripture and prayer, and keep pointing them to meetings, a human sponsor, and their church.

What it does

- Walks the Twelve Steps in order, with Scripture for each step
- A daily plan: prayer, a reading, calls, a meeting, a nightly review
- A sober-day counter and chips; a slip never erases lifetime days
- Crisis help that works offline and is never behind a paywall
- An optional accountability partner who gets a weekly summary, never private writing

How it fits your ministry

- It supports, and never replaces, your recovery ministry, small groups and pastoral care
- It works alongside groups like Celebrate Recovery or your church's own program
- The sponsor keeps encouraging church, meetings and a human sponsor
- Steps Four, Five, Eight and Nine are worked with a real person, and Step Five is never told to the AI

What it costs

- Free to download on iPhone and Android
- The first month includes AI sponsor time, with no card
- After that, the counter, daily plan, step worksheets and crisis help stay free
- Talking with Jimmy or Sarah needs Plus: $9.99 a month or $59.99 a year

Privacy

- No ads, no selling data, no tracking across other apps
- App lock, a discreet icon, and notifications that never mention drinking
- Journals, chats and step work stay private: partners and churches never see them
- People can export or delete everything at any time

"Bear ye one another's burdens, and so fulfil the law of Christ."

GALATIANS 6:2 (KJV)
